

SF LEDMASK

SLIMFIT AESTHETICS

SF LED Mask

The cutting-edge LED mask is the new secret to clearer, and more youthful looking skin.

This mask features three LED light colours to provide a multitude of skin rejuvenation treatments to the face and neck. It also incorporates the use of galvanic currents, and the added option of oxygen therapy, to further enhance the results.

The benefits of having this unique SF LED Facial treatment include:

- Red LED Light (Anti-Ageing)
- Blue LED Light (Anti-Bacterial)
- Purple LED Light (Anti-Inflammatory)

How it Works

The SF LED Mask uses 192 LED's (light emitting diodes), often known as Low Level Light Therapy, to stimulate the facial cells, and kick starts a number of processes, which help rejuvenate the skin. This therapy is 100% safe, and doesn't give harmful radiations and heat, unlike other laser treatments. It also doesn't damage your skin, has absolutely zero side effects and recovery time.

Treatment Benefits

Mode 1: Red LED Light

ANTI-AGEING – 630nm + 830nm

- Increased Collagen Production
- Increased Skin Elasticity
- Reduces Fine Lines
- Reduces Rosacea
- Aids in the Recovery of Chemical Peels, Micro Needling and Lasers
- Increases Natural Hydration
- Improves Skin Texture & Tone
- Heals Sun Damaged Skin
- Tighter and Youthful Skin

Mode 2: Blue LED Light

ANTI-BACTERIAL – 415nm + 830nm

- Acne Reduction
- Prevention of Breakouts
- Kills Bacteria on the Skin
- Clears Blemishes
- Regulates Natural Oily Skin

Mode 3: Purple LED Light

ANTI-INFLAMMATORY
– 415nm + 630nm + 830nm

- This mode is comprised of cycles of the Red, Blue and Purple light to combine the best of all 3 LED properties within one mode
- Reduces Swelling
- Speeds up recovery after Botox and Fillers
- Promotes Scar Healing
- Stimulates mitochondrial and ATP within the skin cells, which creates and extends the life of anti-ageing enzymes

Galvanic Mode:

- The Galvanic mode can be used in conjunction with any of the LED lights.
- It is very beneficial for the skin by helping to increase blood circulation, thus delivering oxygen and nutrients to the skin cells. This helps purify the skin and removes waste.
- It furthermore stimulates muscle tone via the positive and negative charges of current.
